Ticket Upgrades

Upgrade your 3 Day General Admission ticket to any of the below Grandstand Tickets, just add the Grandstand upgrade price to the package price.

Bay Grandstand	Offering fantastic views of the Central Business District skyline as well as the Marina Bay, this grandstand offers spectators a close-up look at the action in the comfort of the cool sea breeze. Despite being one of the slowest parts of the circuit, this section proved to be a challenge for a number of the drivers last year and it was here that Nelson Piquet spectacularly crashed. Bay Grandstand has full access to Zone 3 and Zone 4.	\$120
Esplanade Waterfront Grandstand	After a sharp right-hander at Turn 16, cars will accelerate toward the Marina waterfront for a second gear left-hander, past the Bay Grandstand. This section of track will work the brakes hard and place a premium on slow speed traction, not to mention the drivers' finesse. Esplanade Waterfront Grandstand has access to Zone 4 only.	\$480
Padang Grandstand	These seats offer spectators a great view of the cars as they exit Turn 9 and race along St Andrew's Road, past some of Singapore's most famous landmarks. If you are looking for excitement on and off the track in the heart of colonial Singapore, then these are the seats for you. Padang Grandstand has access to Zone 4 only.	\$480
Connaught Grandstand	After cars negotiate a sharp hairpin bend at Turn 13, modified this year to allow even greater speed, fans will witness acceleration up to 280km/h as they cross the Esplanade Bridge. Spectators get a clear view of Turn 14, which has been modified to become sharper and offer even greater overtaking opportunities. Connaught Grandstand has access to Zone 4 only.	\$840
Stamford Grandstand	In these seats you will enjoy views of the cars negotiating more than one turn. Spectators will enjoy views of Turn 7, which produced one of the best overtaking opportunities last year. Spectators will enjoy views of Turn 8 and from selected seats cars can be seen approaching Turn 14 as they come round again in the second half of the lap. Stamford Grandstand has access to Zone 4 only.	\$950
Turn 1 Grandstand	Fans located at Turn 1 will be treated to a sharper corner, allowing for one of the most exciting overtaking opportunities on the Singapore circuit. Experience the awesome braking power of Formula One™ cars as they negotiate the first corner at about 90km/h after reaching speeds of about 290km/h along the Pit Straight. Turn 1 has access to Zones 1, 2, 3, and 4. Does not include access into the Formula One Paddock Club™ or the Paddock Club Lifestyle Area.	\$1,410
Turn 2 Grandstand	These seats offer great views of the cars as they briefly increase their speed up to 160km/h for Turn 2, before slowing down to 90km/h for Turn 3. Due to track revisions this year, the Pit Lane has been lengthened allowing fans at Turn 2 to witness cars exiting just in front of the grandstand. Turn 2 has access to Zones 1, 2, 3, and 4. Does not include access into the Formula One Paddock Club™ or the Paddock Club Lifestyle Area.	\$1,410
Pit Grandstand	If you want to experience one of the best views on the circuit, then this is the location for you. Watch cars as they come round the last corner at Turn 23 at about 200km/h and go full throttle down the Pit Straight. The majority of seats have views into the team garages where they can marvel at the teamwork and precision on display. Pit Grandstand has access to Zones 1, 2, 3 and 4. Does not include access into the Formula One Paddock Club™ or the Paddock Club Lifestyle Area.	\$1,530
